

## Fairtrade in Stockport

The Fairtrade Foundation has declared Stockport a **Fairtrade Borough**. The award recognises the hard work of the Stockport Fairtrade Group, Stockport Council and the support from the local community and businesses for Fairtrade.

**Stockport Fairtrade Group** exists to promote Fairtrade within the borough by increasing awareness of Fairtrade and encouraging retailers to stock Fairtrade products. It meets regularly and is always happy to welcome new members, whether you are a Stockport business or an individual interested in finding out more.

**Stockport Council** has had a Fairtrade policy since 2001 and continues to support Fairtrade through its staff restaurant and catering activities. As part of its campaign for keeping Stockport a Fairtrade Borough, it works cooperatively with the Stockport Fairtrade Group. Together, they form the **Stockport Fairtrade Borough Steering Group**.

## Be a part of it

Many businesses, school, community and church groups already support Fairtrade by stocking or using Fairtrade products. Please let us know if you are one of them and are not already on our list.

We would also like to invite you to take part in the **Stockport Fairtrade Business Pledge Scheme** as part of the campaign to maintain Stockport's Fairtrade Borough status. The scheme has been set up for local businesses, churches and community groups to pledge to provide Fairtrade products to their customers and constituents. Participants receive a certificate and publicity material to advertise their commitment to their customers.

# BE FAIR

## Fairtrade in Stockport

[www.stockport-fairtrade.org.uk](http://www.stockport-fairtrade.org.uk)

# What is Fairtrade?

Often the farmers who grow our coffee and tea, and who produce other basic goods, do not get a fair share of the benefits of trade.

Fairtrade ensures basic rights and better living standards for these farmers by offering guaranteed prices and encouraging long term trading relationships.

# The Fairtrade Mark

The Fairtrade Mark has been developed to help shoppers easily identify Fairtrade goods. It is the only independent consumer guarantee of a fair deal for producers in the developing world.

The mark is awarded to products that meet certain criteria including:

- Decent wages paid to workers
- Minimum health & safety standards
- A fair and stable price for farmers
- A long term trading commitment
- Respect for the environment
- A social premium for producers
